Elite 2" Wood Blinds

PRODUCT SPECIFICATIONS

**SureClose Headrail** shall be 1 5/8" high x 2 1/4" wide x .055" thick U-shaped, extruded aluminum with 1/8" lightblocking lip on the bottom center line and finished with a powder-coat paint.

**Valance** shall be lineal grained, smooth-sanded 100% North American Basswood. Valance choices include 3" Classic, 3 1/2" Craftsman, 3 3/4" Legacy, and 4 1/2" Symphony.

**Cord tilter** shall be a snap-in component incorporating a worm and pulley of low-friction thermoplastic and a nylon gear. Tilt cords shall be secured to pulley and treated with wood tassels at tilt end.

**Tilt rod** shall be electro-zinc coated solid steel measuring 1/4" square.

**Cordlock** shall be metal of a snap-in design incorporating a floating, shaft-type locking pin and shall incorporate a crash-proof safety feature that will lock blind automatically upon release of cord.

**Cradles** shall be made of low-friction polypropylene with metal lift cord rollers.

**Drums** shall be made of high-strength thermoplastic, which securely anchors braided ladder or cloth tapes.

**Braided ladder** shall be made of 100% polyester yarn, incorporating two extra-strength rungs per ladder for slat support. Standard ladder spacing shall be 44 mm.

**Cord** shall be made of 100% polyester yarn and shall be 1.8 mm thick for standard routes, 1.4 mm for NoHoles™, and 1.2 mm for cordless lift.

**Installation brackets** shall be a universal style with hinged front cover and shall be made of phosphate-treated steel with urethane primer and polyester-baked enamel finish to match headrail.

**Slats** shall be nominally 2" wide x 1/8" thick and made of North American hardwood, kiln-dried to a 6 - 10% moisture content to reduce the possibility of warping. Slats shall be stained and coated with a clear satin lacquer finish for a hand-rubbed appearance. Slats are stained and painted after cutting so ends are sealed, reducing warpage.

**Easy Grip Bottomrail** shall be 5/8" high x 2" wide wood, shaped to improve closure and shall coordinate with slats.

**Cordless lift** option shall use 2" x 2 1/4" steel headrail.

OPTIONS

- 2 3/8" slat
- NoHoles privacy and lightblocking slat
- 1" or 1½" cloth tapes
- Cordless lift
- Ring lift
- Motorized tilt
- Ring tilt (2" only)
